

TCM Forklift Part

TCM Forklift Parts - Forklift trucks are a major player in the material handling field of each and every international industry. Transporting industrial goods takes place each day on our busy world. First innovated as industrial vehicles during the 1930s in the United States, forklifts gained recognition after World War II in the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these machines spread internationally.

Originally founded as Toyo Carrier Manufacturing Company Limited, in the year 1949, the company was later renamed Toyo Umpanki Co. previous to becoming recognized as the TCM Corporation. Started by Mr. N. Niwa manufactured Japan's very first lift truck. Over the years, TCM lift trucks have become a worldwide leader in forklift manufacturing and have built a solid reputation with the trade. TCM began building lift truck manufacturing locations outside of Japan during the 1980s and is presently engaged in forklift manufacturer at three foreign factories in Europe, China and the United States.

With more than fifty years of accumulated expertise and technology, TCM has been proudly manufacturing many models of industrial forklifts, making their models known all around the globe. With a strong and energetic employees, TCM has been able to continually work towards becoming a future leading material handling company.
