

Concrete Hoppers

Concrete Hopper - This particular attachment is a self-dumping hopper that automatically sets off to dump as bumper release contacts the side of a dumpster. Once unloading is done, the hopper returns to a locked and upright position. This particular piece of equipment is also accessible with a cable which enables operation from the seat of the lift truck in order to have the choice of manually unloading the hopper. There is a locking chain provided to secure the hopper to the tine truck. This particular product is constructed with consistent and reliable robotic welds for utmost strength. The forklift dumping hopper likewise has a blue powder coat finish so as to maintain durability.
